

# LED RADIANT CAPABILITY STATEMENT

**DUNS#: 015995457**

**CAGE#: 81T79**

**SAM UID: YWJMGRCAWB31**

**NAICS CODES (commonly supported): 335131, 335132, 335139**

Principals Eddy and Miriam Kiersz have been in the electronics manufacturing industry since 1981. In January 2014, when LED technology reached performance and reasonable costs LED Radiant was founded. Our LED lighting products offer a stunning lumens per dollar ratio, long life and extremely low failure rate. **MOSB**

## WHO WE ARE

- Eddy was a professor of electronics for 8 years. Deep knowledge, from components to finished products.
- Through his career Eddy designed, patented and manufactured many products including alarms, remote controls, medical devices, video games, and even one for NASA to save energy and correct power factor in AC motors.
- Miriam and Eddy owned and managed electronics manufacturing plants since 1981.
- All we do we do with pride, our goal is to maintain our 5 star rating by exceeding customer expectations.
